Drinks, buffet and entertainment by DamDistrict

Equinet 10th Anniversary

Tuesday 10th October 2017

Les Briggittines, Brussels, Belgium

Background

Together for an Equal Europe

Since 2007, Equinet has been promoting equality in Europe by supporting and enabling the work of national equality bodies.

It supports equality bodies to be independent and effective as valuable catalysts for more equal societies.

During the past decade, we have grown from a project-based set-up to become the recognised **European Network of Equality Bodies**, with **46 national equality bodies in 34 European countries**.

The national and European context in which equality bodies have evolved has changed a lot over the past 10 years, from key legislative achievements to greater economic and social challenges. During this conference, **we aim to take stock of the progress made and the contribution of equality bodies in addressing the developments over the past decade, particularly on non-discrimination in Europe.**

In particular, it will focus on:

- **Main achievements and challenges for Equinet and national equality bodies** over the last decade,
- **Future scenarios for equality, the work of national equality bodies and stakeholders in a shrinking space for fundamental rights.**

We hope to bring together all those with whom we have worked and collaborated over the years, to look at the past, present and especially the future, in order to explore ways forward and possible steps to enhance equality bodies' contribution for an equal Europe.
