COUCHING

We have been actively coaching young people and youth organisations in the field of non-discrimination. From moot court competitions to organising conferences, we have done it all.

RUSSIA 2018

NATIONAL ONLINE CAMPAIGNS

We use momentum of important world events to spread an „equality and non-discrimination“ message around. We are working on promoting non-discrimination and diversity in football.

YOUTH CAMPS

Together with the Institute for Youth - IUVENTA, we have organised a three day camp for students/pupils. The camp was organised for participants of the Human Rights Olympic Games.

We developed a **colouring book** for children from 4 to 9 years. It is used by our lecturers during the educational activities at elementary schools as a didactic tool.

Every year, we are organising **art competition** for elementary and elementary art schools. There are age categories having different topics which can be taken from any artistic point of view.

To make our institution more visible and accessible, we are preparing **newsletters**. It is released every two months and contains complex information about our work.

**In area of equal treatment principle,
we predominantly focus on:**

Fighting discrimination of young entrepreneurs when starting or doing their business.
